This is a testimonial for Rita Graham at West Eaton Care Home. I am writing this testimonial having worked with Rita since September 2015 as an external entertainer delivering the Dance Magic Dance project.

When working at West Eaton I have always received a warm and friendly welcome from residents and staff but particularly from Rita. From the offset of the project Rita has engaged enthusiastically and ultimately ensured that the focus has always been about the benefits for the residents.

Dance Magic Dance was a funded project and has run across a number of homes. Rita has been the only activity coordinator that I have encountered that has worked creatively to reschedule her activity program to ensure that her residents are still able to enjoy the Dance Magic Dance sessions.

Rita is an absolute joy to work with and always joins in with sessions to ensure that the session has maximum positive impact for her residents. Rita has been fundamentally important in supporting and developing my dance practice to ensure that my delivery is appropriate for residents living in care homes.

Having visited many care homes with my work I am still to find an activity coordinator with the passion, creativity, and ability to build good rapports with staff, residents, visitors and entertainers that Rita so often demonstrates.

Best Regards,

Faye O'Connor
Creative Dance and Movement artist- 'helping everyone to dance'
